

Membership Directory

2017-2018

Indiana Towing & Wrecker Association

Introduction

The 2017 ITWA Membership Directory is organized alphabetically by chapter. The Associate Members are listed alphabetically following the chapter.

Each member was asked to complete a survey form identifying the type and amount of equipment they have available as well as the specialized services they provide.

Every effort has been made to provide the most accurate information possible based on the information provided by each member. However, the ITWA cannot ensure the accuracy of such information.

Several attempts were made to collect the information from individual members; a limited number of members elected not to submit an entry for the directory. If your information has not been included and you wish to be included in the directory next year, please fax the information to Executive Director Bart Giesler at 765-288-6041.
