ITWA has been invited to watch the IMTA driving competition and have a free tent for our members. This will provide our members with a networking opportunity with the largest trucking companies in the state. In addition, we may consider having our own driving competition with them in the future.

We would like have a few members in the ITWA tent to answer any questions that the trucking community may have of us. Please sign up for a shift and bring your business cards! Even if you cannot work a shift, please plan on attending this free event.
